

CHANDLER SIX

The Most Closely Priced Fine Car

We Let You Know What The Chandler Price Is

THE Chandler Motor Car Company, ever since the first Chandler Car was built seven years ago, has in every advertisement issued to newspapers and magazines and all other forms of publications, *stated the list price of the Chandler Car.*

It states it now, and will continue to do so. There is good reason for this and many thousands of motor car owners know it. This is the reason---The Chandler Six is the most closely priced car in the whole medium price field.

Look through the pages of this paper or a magazine that may be laying on your table. There are probably from ten to twenty automobile advertisements. How many name the price of the car?

True, the cost of automobile production has increased in the past

year and is still increasing. But the Chandler Company, throughout 1919, with all its production greatly oversold, held to its price.

The Chandler Six of today is a highly perfected development of the Chandler Six of seven years ago, which started the trend toward light weight sixes. All the engineering skill and production efficiency at the command of the Chandler has been devoted to THIS ONE CHASSIS and that fact is one of the reasons for the Chandler's leadership in its field today.

All Chandler bodies are mounted on the one standard Chandler chassis. Simple, sturdy and dependable throughout, its features embrace, as for years past, the really marvelous Chandler Motor, solid cast aluminum motor base, annular ball bearings, silent chain drive for the auxiliary motor shafts, and Bosch magneto ignition.
